A Tradition Continues

The Wasatch County Fair Days celebration will once again be held July 27 through August 4. This year's fair will include fireworks, parades, pageants, livestock and talent shows, a carnival, sidewalk sales, a demolition derby and entertainment. Most exhibits are free. See Fair Days insert in this issue for more information. Above: a past Fair Days parade makes it way down Main Street.

ie Wasatch Wave (USPS 666-820) is published weekly for \$21 per year in

proud nation that it is - a land of freedom and diversity, opportunity and choice - that sweet land of liberty. And in that cheer let there be a hope that we may always enjoy the freedoms we have, that our children and our children's children shall enjoy them and that years from now they too will get a lump in their throats when they say the Pledge of Allegiance, they will stand proud with their hand over their heart when Old Glory goes by, and they will be able to say with pride "I'm proud to be an American. It is the greatest country on earth!"

Yes, three cheers for the Fourth of July!
